Bryant College Service Club
Bryant College
Providence, Rhode Island

My dear Miss Blaney:

It was just lovely of the
Bryant Service Club to send
Albert a Christmas package.
I question the address. We have
been writing to Lt. Albert Stanwood,
O-420657; 19th Bomb. Sq.;
22nd Bomb. Gr.; A.P.O. 922;

San Francisco, California. Letter
reach him at that address in
about three or four weeks.
Yesterday I received one from
him written on January 3rd.
He said that he has not
received any Christmas
packages as yet because
such deliveries are confused
just now, but expects that
they will 'come through' soon.
Your package makes fine
that I know of that were

sent to him, and apparently none have arrived yet. Anna too was insured.

The package which we sent last Christmas never did arrive, so I am none too optimistic. However, they may get there and at least he knows that we have tried. We told him that you had sent one and he has received that letter.

We received some snap shots in his last letter showing that they are in a wooded area. That may account for the delay.

I shall let you know as soon as I receive any news of the packages. The letters arrive about once a month.

In the meantime, do write to him once in a while. Thank you so much for your kindness and interest. It means a lot to the boys.

Sincerely yours,

(Mrs. Albert) Marion Stanwood
